

CONFIDENTIAL OPT IN FORM

Can I Opt back in to Connecting Care?

Yes, you previously Opted Out of Connecting Care, the local electronic patient record that allows health and social care professionals directly involved in your care, to share a summary of your medical record. Your Connecting Care record will help those caring for you to manage your care better, and allow information to be shared quickly and safely. Only authorised staff providing health services across Bristol, South Gloucestershire and North Somerset can access your record. It does not contain information about discussions you have had with your GP, or any information on sensitive subjects such as sexual health.

Your request to opt back in to Connecting Care will be processed within seven working days of receipt of the completed form and you will receive a letter to acknowledge that your record has been updated. If you do not receive confirmation within seven working days, please contact the Customer Services Team, on the telephone number below.
